

Elevation with Optional Cement Board Siding

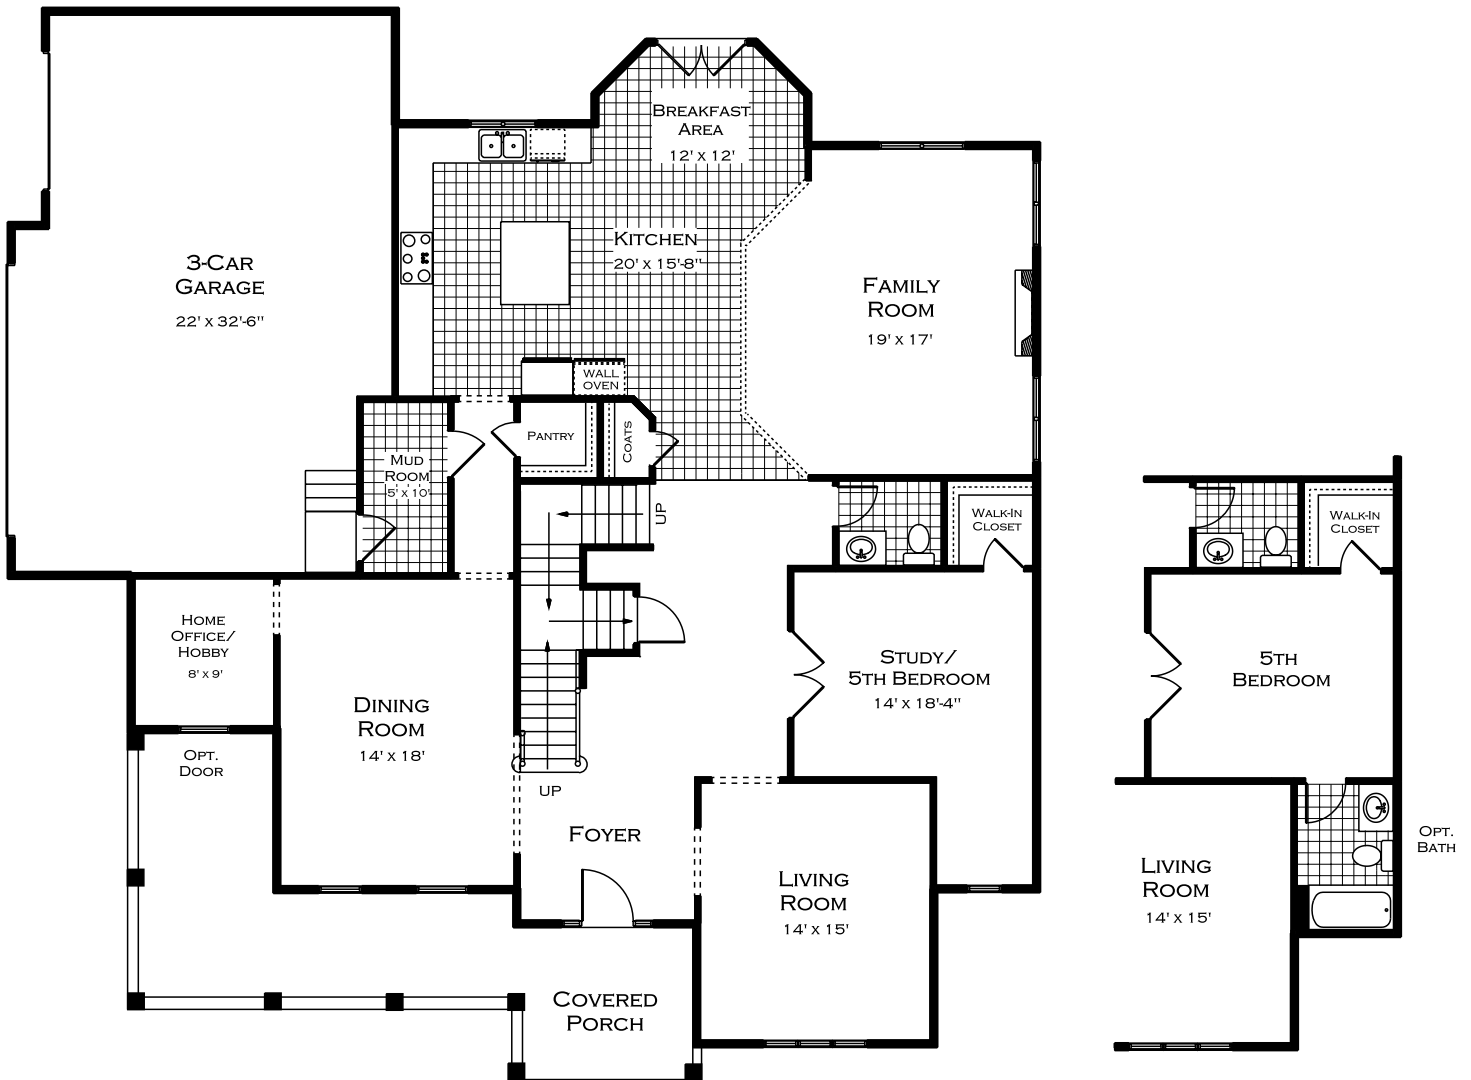

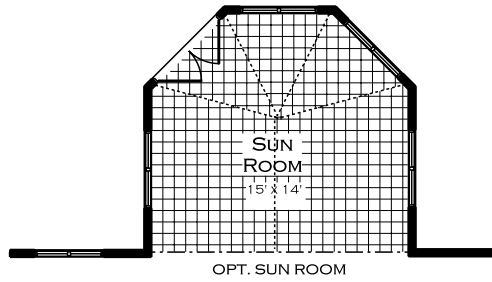

## The New Haven

Main Floor	2,100 sq. ft
Second Floor	2,420 sq. ft.
Total Living	4,520 sq. ft.

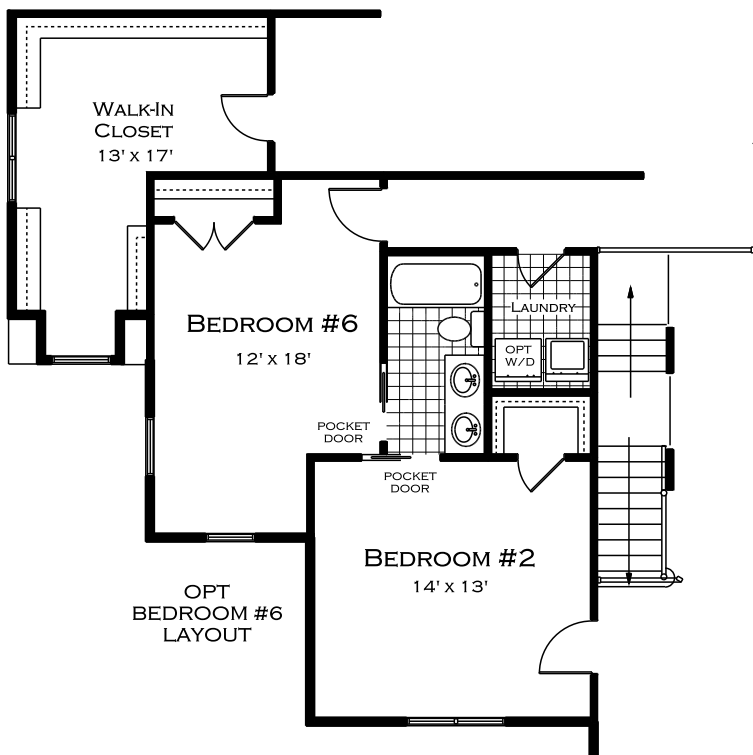

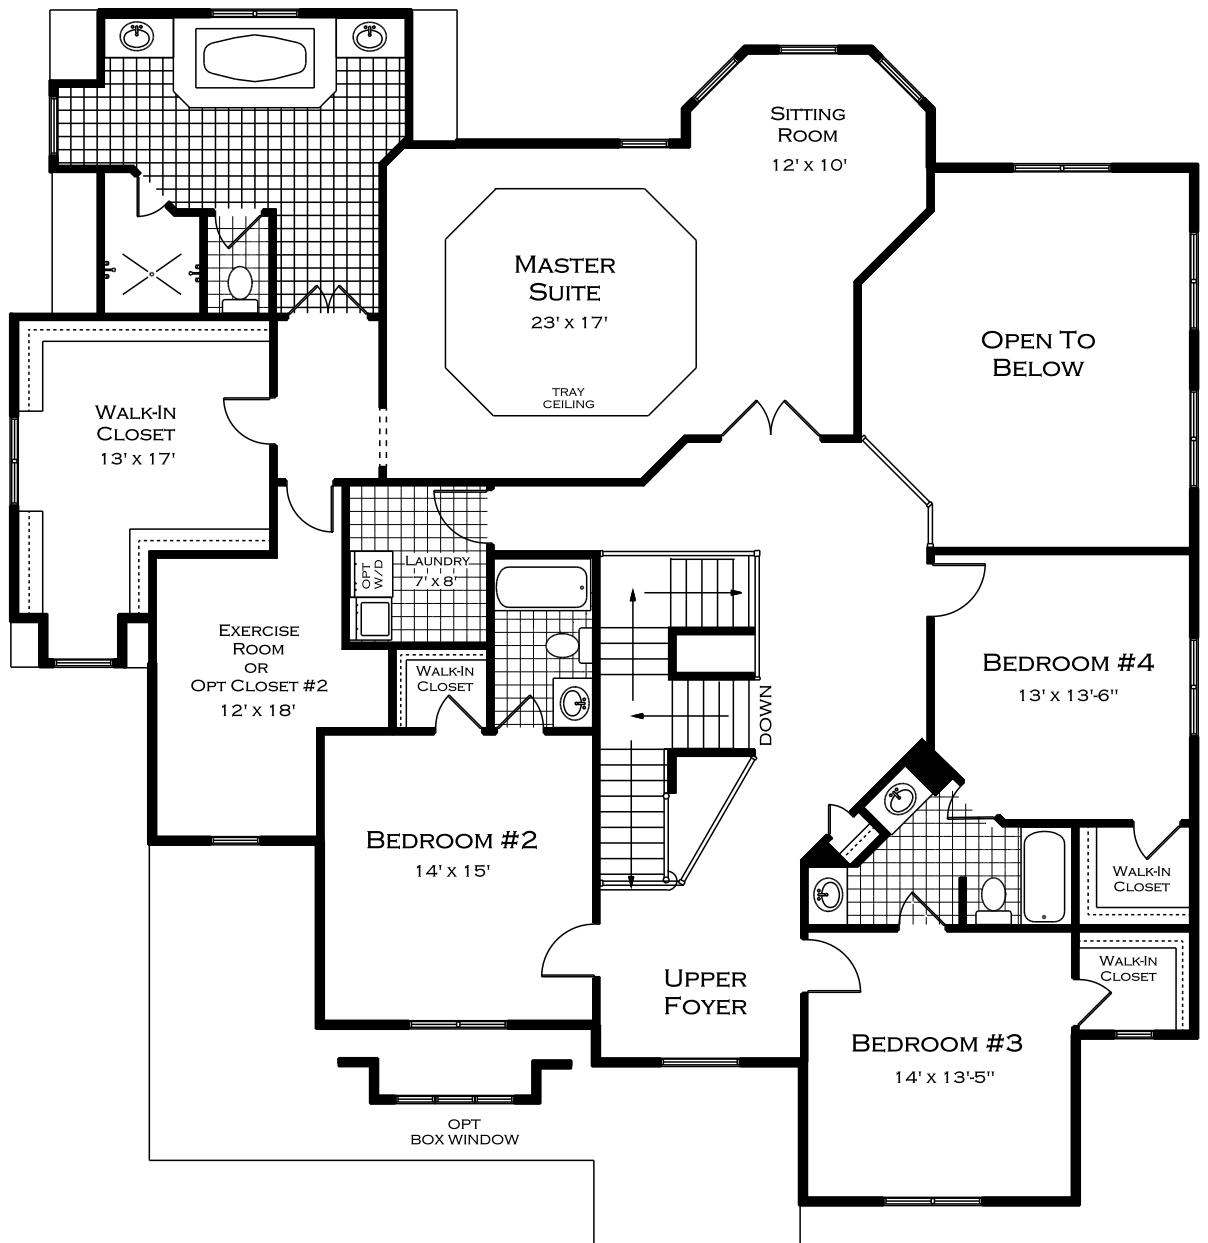

*A home that recalls the New England shore!*

*The covered porch and mansard roof creates the feeling of a country estate home. A generous foyer is graced by a double-sided staircase and balanced by the living room and dining room on either side. The family-style kitchen is accented by the octagon shaped breakfast area. From the kitchen the line of site is unobstructed into the two-story family room. There is plenty of room upstairs for four bedrooms and walk-in closets. This home is open and spacious yet traditional and warm.*
